About Us

Precision. Quality. Commitment.

RK Industries is a trusted precision engineering and manufacturing company specializing in CNC machining, VMC machining, EDM Wire Cut, and custom engineering solutions. With more than 23 years of manufacturing excellence, we have built a strong reputation for delivering high-quality precision components to customers across diverse industries.

Our commitment to quality, accuracy, and timely delivery has enabled us to become a reliable manufacturing partner for OEMs, automation companies, engineering firms, and industrial equipment manufacturers.

We manufacture components in Mild Steel, Stainless Steel, Aluminium, Brass, Copper, Tool Steel, and other engineering materials according to customer drawings and specifications.

At RK Industries, every component is produced with strict quality control, ensuring precision, consistency, and customer satisfaction.

Let's Build Together

Whether you require prototype development, precision machining, or large-scale production, RK Industries is committed to providing dependable manufacturing solutions with exceptional quality and timely delivery.

RK INDUSTRIES

Precision Engineered. Quality Assured. Delivered On Time.

WHY CHOOSE US

- 23+ Years of Manufacturing Experience
- Modern CNC, VMC & EDM Infrastructure
- High Precision & Consistent Quality
- On-Time Delivery Commitment
- Competitive Pricing
- Prototype to Production Support
- Custom Manufacturing as per Drawings
- Experienced Technical Team
- Customer-Focused Approach
- Reliable Long-Term Manufacturing Partner

Our Mission

To deliver world-class precision machining solutions by combining advanced technology, skilled craftsmanship and continuous improvement while exceeding customer expectations in quality, cost and delivery.

Our Vision

To become a globally recognized precision manufacturing company known for innovation, reliability and engineering excellence.

OUR CLIENTS

- AMIN MACHINERY PVT. LTD.
- BARODA HI-TECH ALLOYS PVT.
- FORMURA OFFSHORE SERVICE PVT. LTD.
- HLE GLASSCOAT LIMITED
- MARKARIA INTERNATIONAL PVT. LTD.
- INNOVIC TECHNOLOGY
- MICRO PRODUCTS
- OM INDUSTRIES
- PRB ENGINEERING
- ROTOMAG ENERTEC LTD.
- SUNLITE RECYCLING INDUSTRIES LIMITED
- VIDYA WIRES LIMITED
- EQUATOR ELECTRODES & ENGG. CO. PVT. LTD.
- PFG GLASSKEEM
- PAVAN TANAY
- TRIPCON ENGINEERING PVT. LTD.
- SURYADEEP ALLOY STEELS COSTINGS PVT. LTD.
- FINE CAST PRIVATE LIMITED
- ANUPAN INDUSTRIES LIMITED
- GMM PFOUDLER LTD.
- ELECON ENGINEERING CO. LTD.

OUR PRODUCT

MACHINING CAPABILITIES

CNC TURNING

High Precision Turned Components
ø2 mm to ø200 mm

VMC MACHINING

Complex 3D Components with
High Accuracy

EDM WIRE CUT

Precision Profile Cutting for
Intricate Components

INDUSTRIES WE SERVE

AUTOMOTIVE

AEROSPACE

ENGINEERING

PHARMACEUTICAL

TEXTILE

PACKAGING

FOOD
PROCESSING

INDUSTRIAL
MACHINERY
